the Kimball traditions . . . the traditions explained and documented for you in EXCALIBUR. Though young in terms of years, Kimball is not young in terms of gratifying experiences. EXCALIBUR is a book of traditions past and of the people that make the traditions to come. The challenge of change is a part of the Kimball spirit, and this challenge is recorded here in words and pictures. Here we seek to recapture some of the moments which made this year worth living, and most of all, worth remembering.

This is Kimball. These are those moments. This is . . .

Sophs learn quickly not to step on school seal.

. . . Mean

Through the halls of our school have passed six classes of graduating seniors, each leaving behind a tradition to be observed for years to come. The school seal, gift of the class of 1961, which is not to be stepped upon; big crowds at football games; and the excitement of receiving an annual on "E"-Day, are all a part of school life at Kimball. Continued observance of these traditions and new ones will help to make ours a better school.

Dear Students,

In the eight years that Kimball has been in existence, our purpose has been to cultivate intellectual honesty, to love truth, to attempt to instill the ability to think clearly, and to maintain high moral standards.

The task that faces each of you is stupendous. Your education will prepare you for the greatest development possible. You will realize that it is a deliberate attempt to form human character in terms of an ideal. Let me urge you to continue your education so that new doors of opportunity and service will open for you.

In a school as active and successful as ours, it is impossible to render a complete account of all the honors won by individuals and groups both on the gridiron and in the classroom. I invite you to kindle that spark of genius that lies within each individual and develop those unique traits that will bring satisfaction to yourself and honor to your school.

I congratulate all who made this edition of *Excalibur* possible.....

Sincerely,

W. P. Durrett

Mathematics . . .

Great emphasis is put on acquiring a superior knowledge of math. To meet this need, Kimball has obtained a superb department in this field. The teachers know not only what is required of the college bound graduate, but also of those going directly into business fields. Advanced courses are offered for those with the necessary background. Math is a vital and working part of our lives today. Math is the key to success in our modern world.

. . . Prepares Future Citizens.

Students at Kimball have an excellent opportunity for gaining a better knowledge and clearer understanding of the past and present. Civics, and American and World History are uniquely taught by very able instructors, who strive not only to teach their students of the past, but also to show them how they can apply their knowledge of the past to the molding of a better future. If a student wishes to step further into the Social Studies field, he may take European, English, or Texas History. Also a new program, Problems of Democracy, has been developed to give the student a clear insight and better understanding of the major issues and problems of the day.

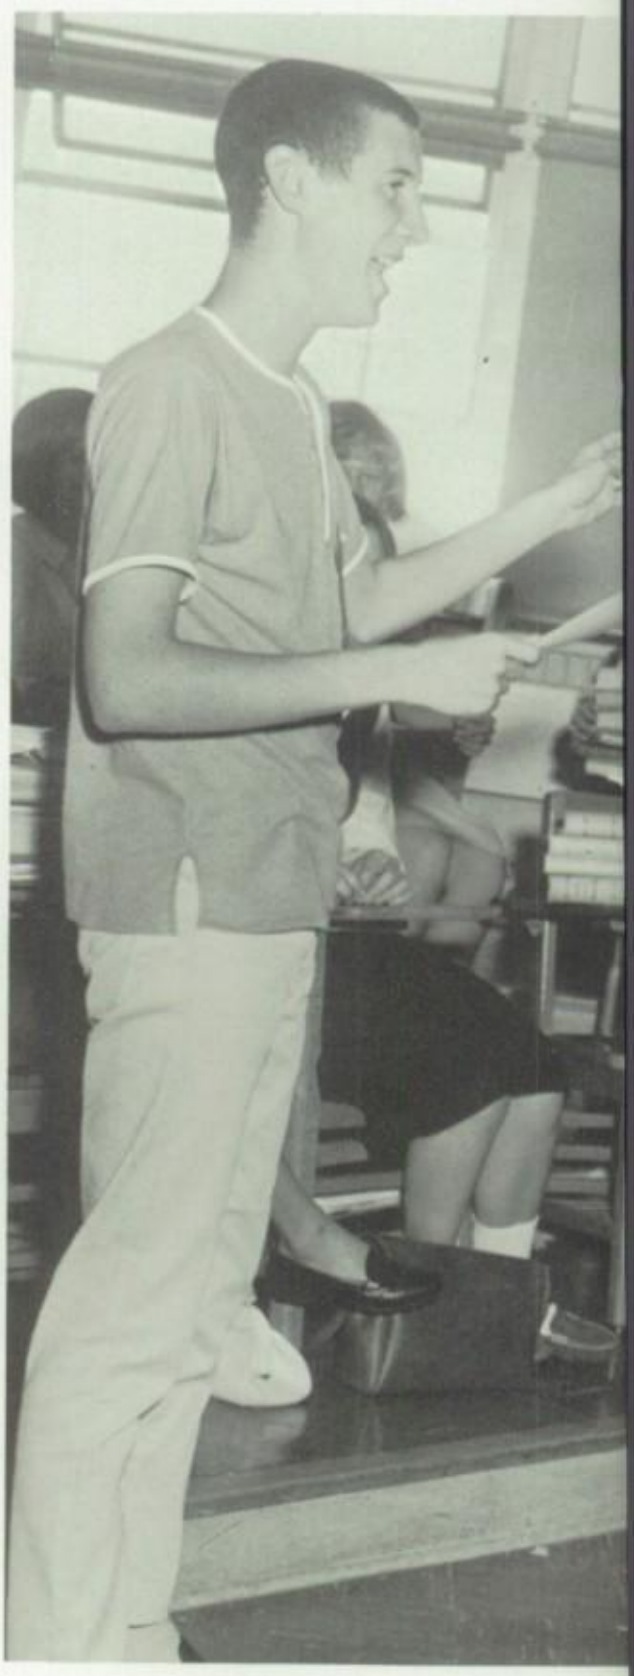
Students in the speech department are kept busy all year by having debates, by putting on plays, by being in assemblies, and by participating in numerous tournaments. Much credit is brought to Kimball as a result of their fine efforts.

Art stimulates students to apply both skill and taste to produce things of beauty. Part of this creativity is used in making backdrops for plays, the spring musical, and the Sweetheart Coronation.

Perfection in singing, the goal of chorus students, is achieved through much hard work.



Students of speech learn how to put feeling into dramatic interpretations to

achieve the greatest effect.

Variety is added to assemblies and programs by the Music Department throughout the year. Pep assemblies, parades, and half-time shows keep the band active. Members of the orchestra culminate their activities with the presentation of the spring musical. More formal assemblies are highlighted by the singing of the chorus, which also takes pride in presenting the spring musical.

Business Prepares Tomorrow's Executives

Highly qualified teachers make Kimball's business department one of the finest in the city. The dedication of those teaching business math and bookkeeping enable their students to learn well the principles behind good business management. Not to be forgotten is the fact that many students equip themselves with the tools for secretarial work through shorthand and typing. Such an important department is a great asset to the school and to a sound future economy.

Our well-organized library provides Kimball students with an oasis of peace and quiet for concentrated study. Space in the library is so much in demand that students are turned away at each period. Research in a variety of fields may be pursued as the library contains a large selection of books. Many lectures held here give additional sources of knowledge.

Students and teachers alike are appreciative of the work performed by librarian helpers as they maintain a high degree of efficiency and organization in the library.

In Kimball's industrial arts classes, we endeavor to train the hands as well as the mind. Within the walls of our shops, boys are learning to create things from basic pieces of metal, wood, or plastic. Several of these projects have won awards at the annual Craft's Fair. These boys may build our houses of the future or simply use the skill around their own home. Our shops help develop the well rounded young men of the coming years.

Study Halls Prepare the Student

Kimball's quiet corner for study is found in its study halls. Well equipped with dictionaries and encyclopedias and in close proximity to the school library, the study halls provide both a calm place and an academic atmosphere in which to work. The study halls continually hum with the heartbeats of homework and study.

Mrs. Dillon keeps a watchful eye over students in her studyhall, preserving the peaceful environment so necessary for serious work and study.

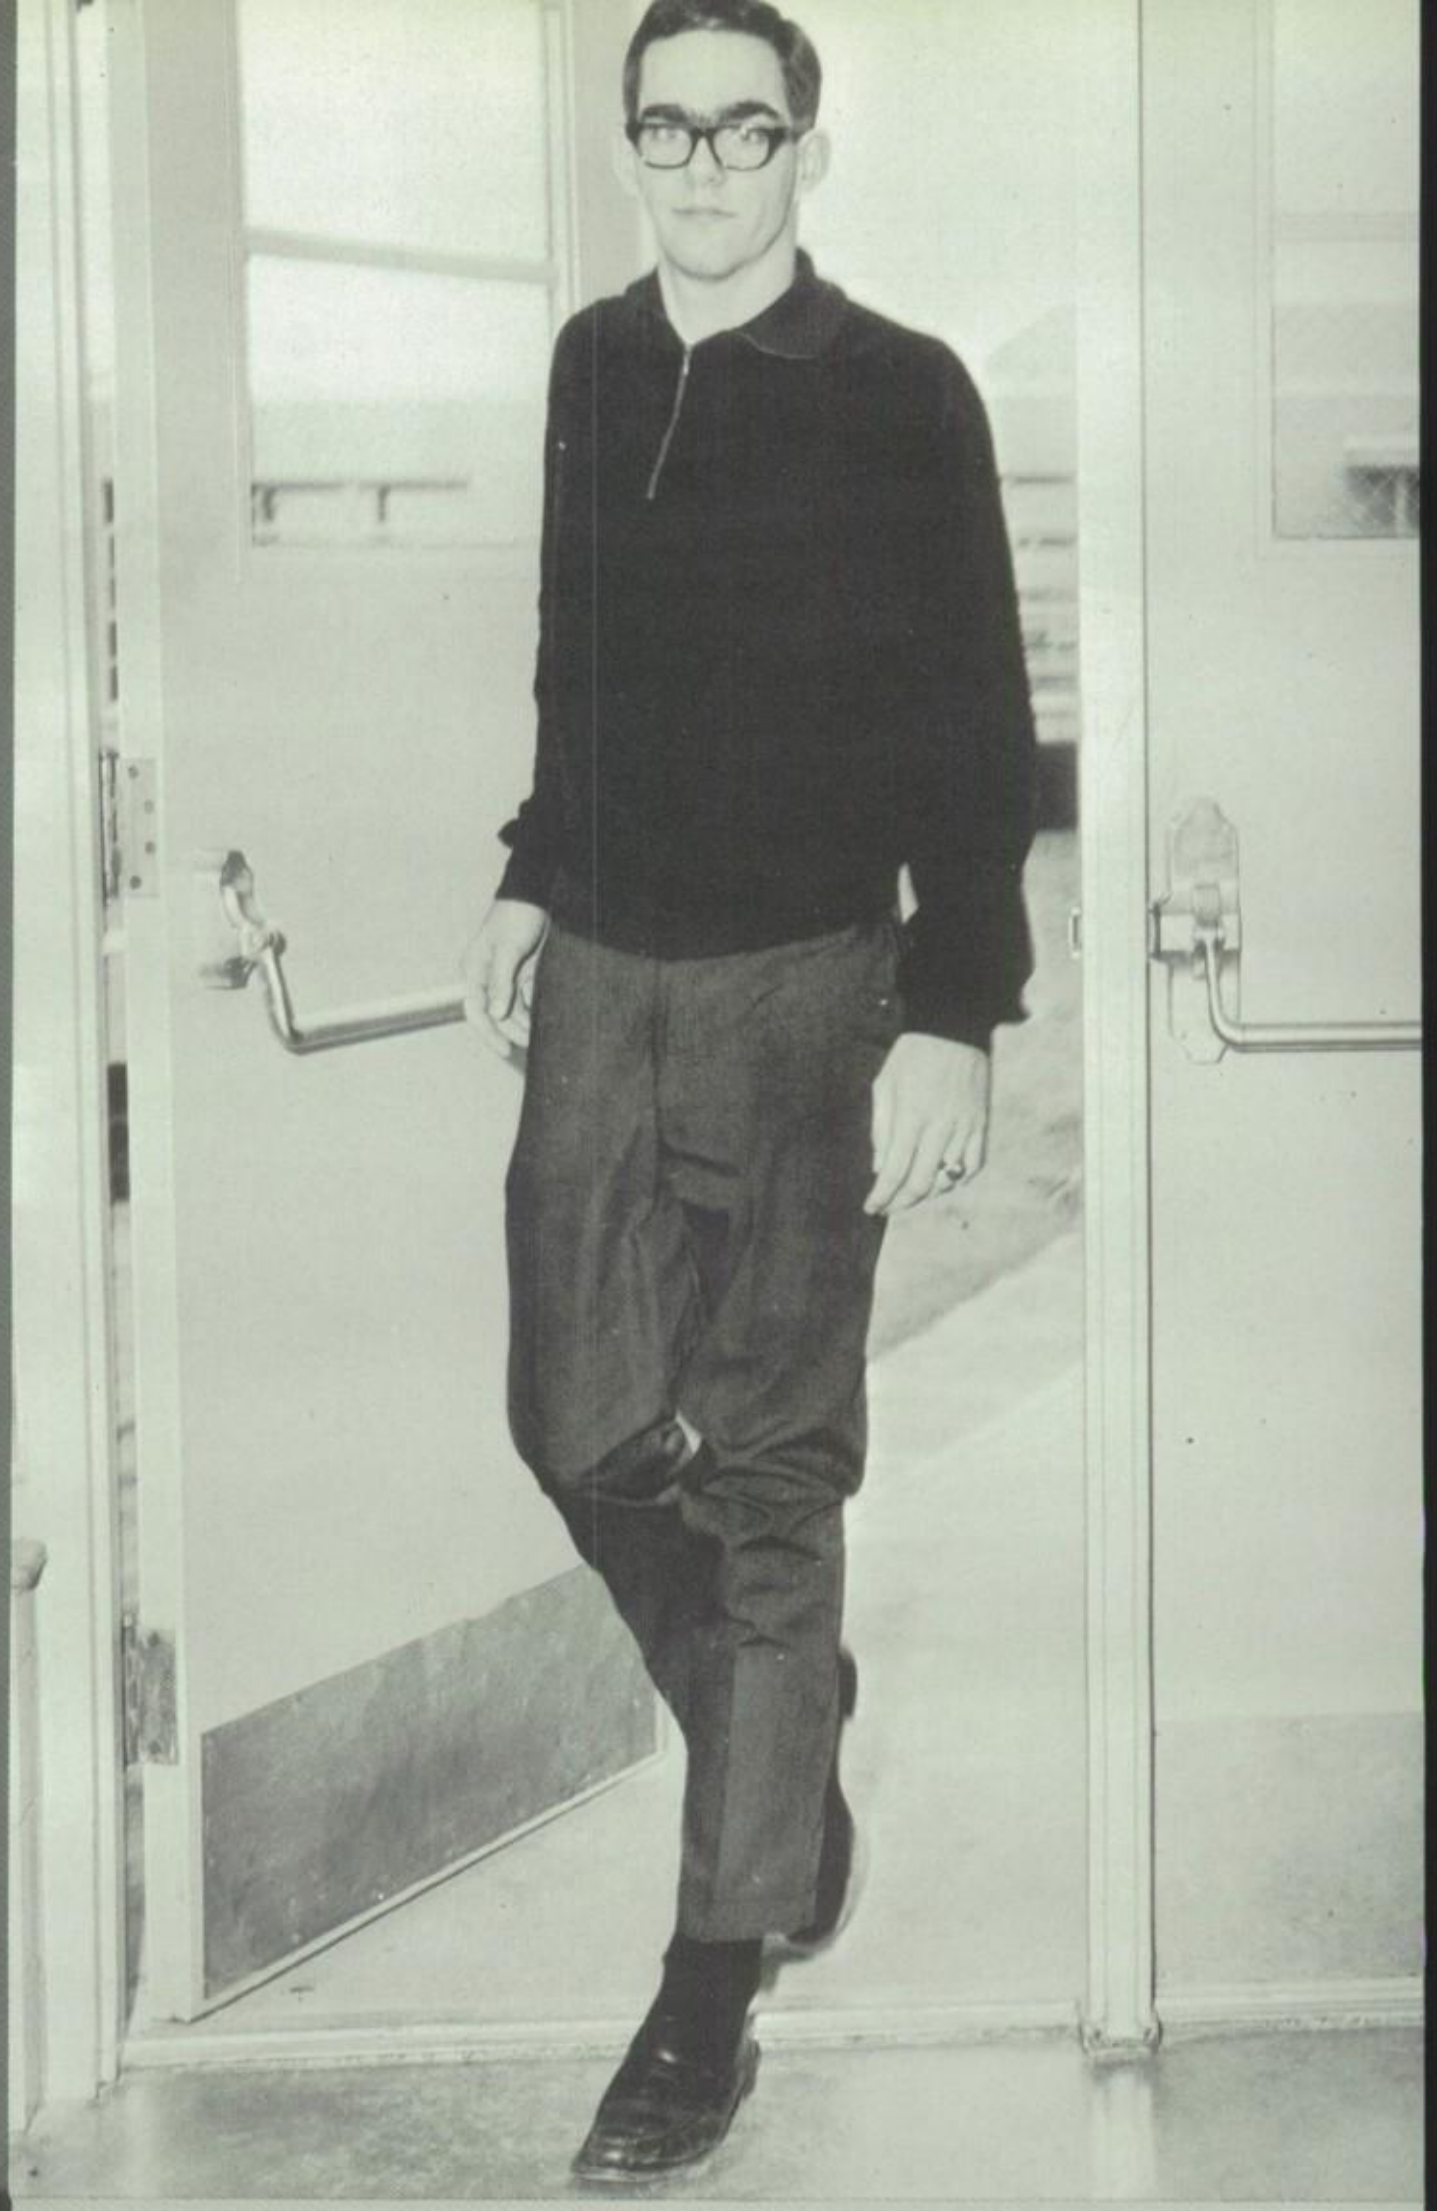
Roundtable

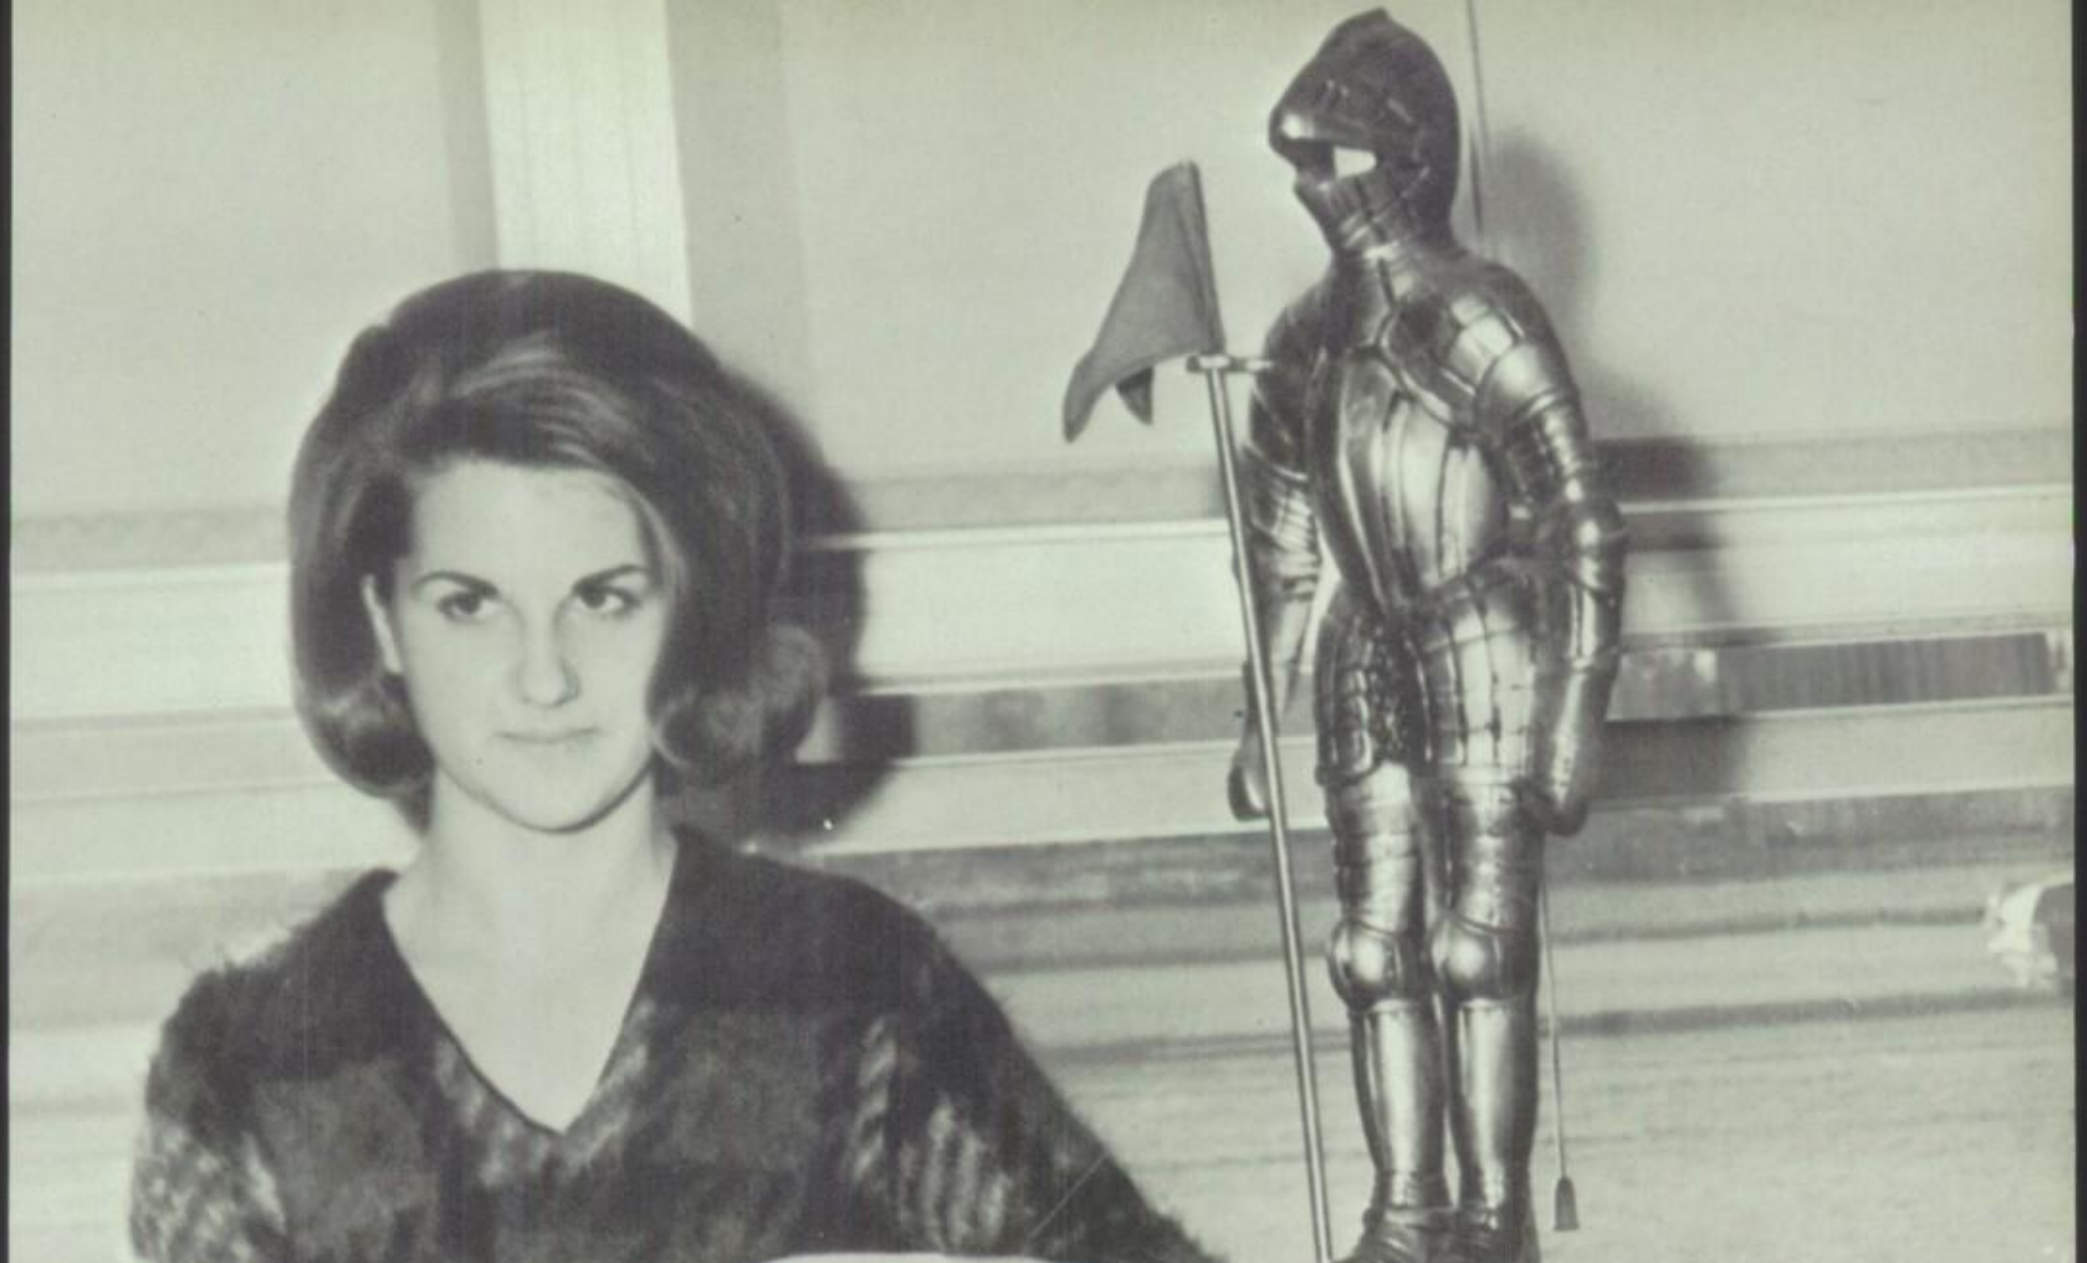
Around the Roundtable sat the best examples of Knighthood that King Arthur's kingdom had to offer. Valor exhibited on the field of battle, mental agility and wit shown in Arthur's court, and faithful service in the name and in the honor of the king were all determinates for knighthood and for a place at the Roundtable.

Kimball too has its Roundtable composed of the best examples of student accomplishment that it has to offer. Chosen by the teachers from the entire senior class, election to the Roundtable represents the greatest honor the teachers themselves can bestow on students that symbolize our high school. Valor, mental agility, and faithful service are still the prerequisites for appointment to the Roundtable—valor on the playing field, mental agility in the classroom, and faithful service to the school through its clubs and through community organizations. In short, the students that *are* the Roundtable *are* Justin F. Kimball High School.



Bob Byrd

Gone are the days of the athlete with all brawn and no brains, and Bob Byrd is a living example of this statement. A member of the National Honor Society and of the Student Council, Bob has shown us that sports and intellect can meet on common grounds. A letterman in basketball and a National Merit Scholarship Semi-Finalist, Bob presents a mild-mannered facade that hides a boy of contrasting and varied abilities. A friendly, well-balanced student, Bob represents the best of Kimball on the playing field and in the classroom.



Elaine Spencer

Beauty and brains, a rare combination, are found in quantity in Elaine Spencer. As secretary of the National Honor Society and as a member of the Student Council, Elaine has exhibited leadership qualities which are unusual and praiseworthy in a high school student. The generation of school spirit and, at the same time, the entertainment of football fans and students were services rendered by Elaine as a lieutenant in the drill team, the Troubadears. The opinion of Kimball was best expressed when Elaine was chosen Student of the Month in December, 1965.

Diane Brown

Shakespeare wrote, "All the world's a stage", and Diane Brown is a regular performer in the world of Kimball High School. As a lieutenant in the Troubadears, Diane regularly performed at pep assemblies and at football games throughout the season. But her performances were not limited to drill team routines. Diane is also an accomplished and honored actress who has appeared in the Junior Play, in the Senior Play, and in countless speech tournaments held during the last three years. And yet, Diane still finds time for scholastic endeavors to merit her election to the National Honor Sociey.

Bert Smith

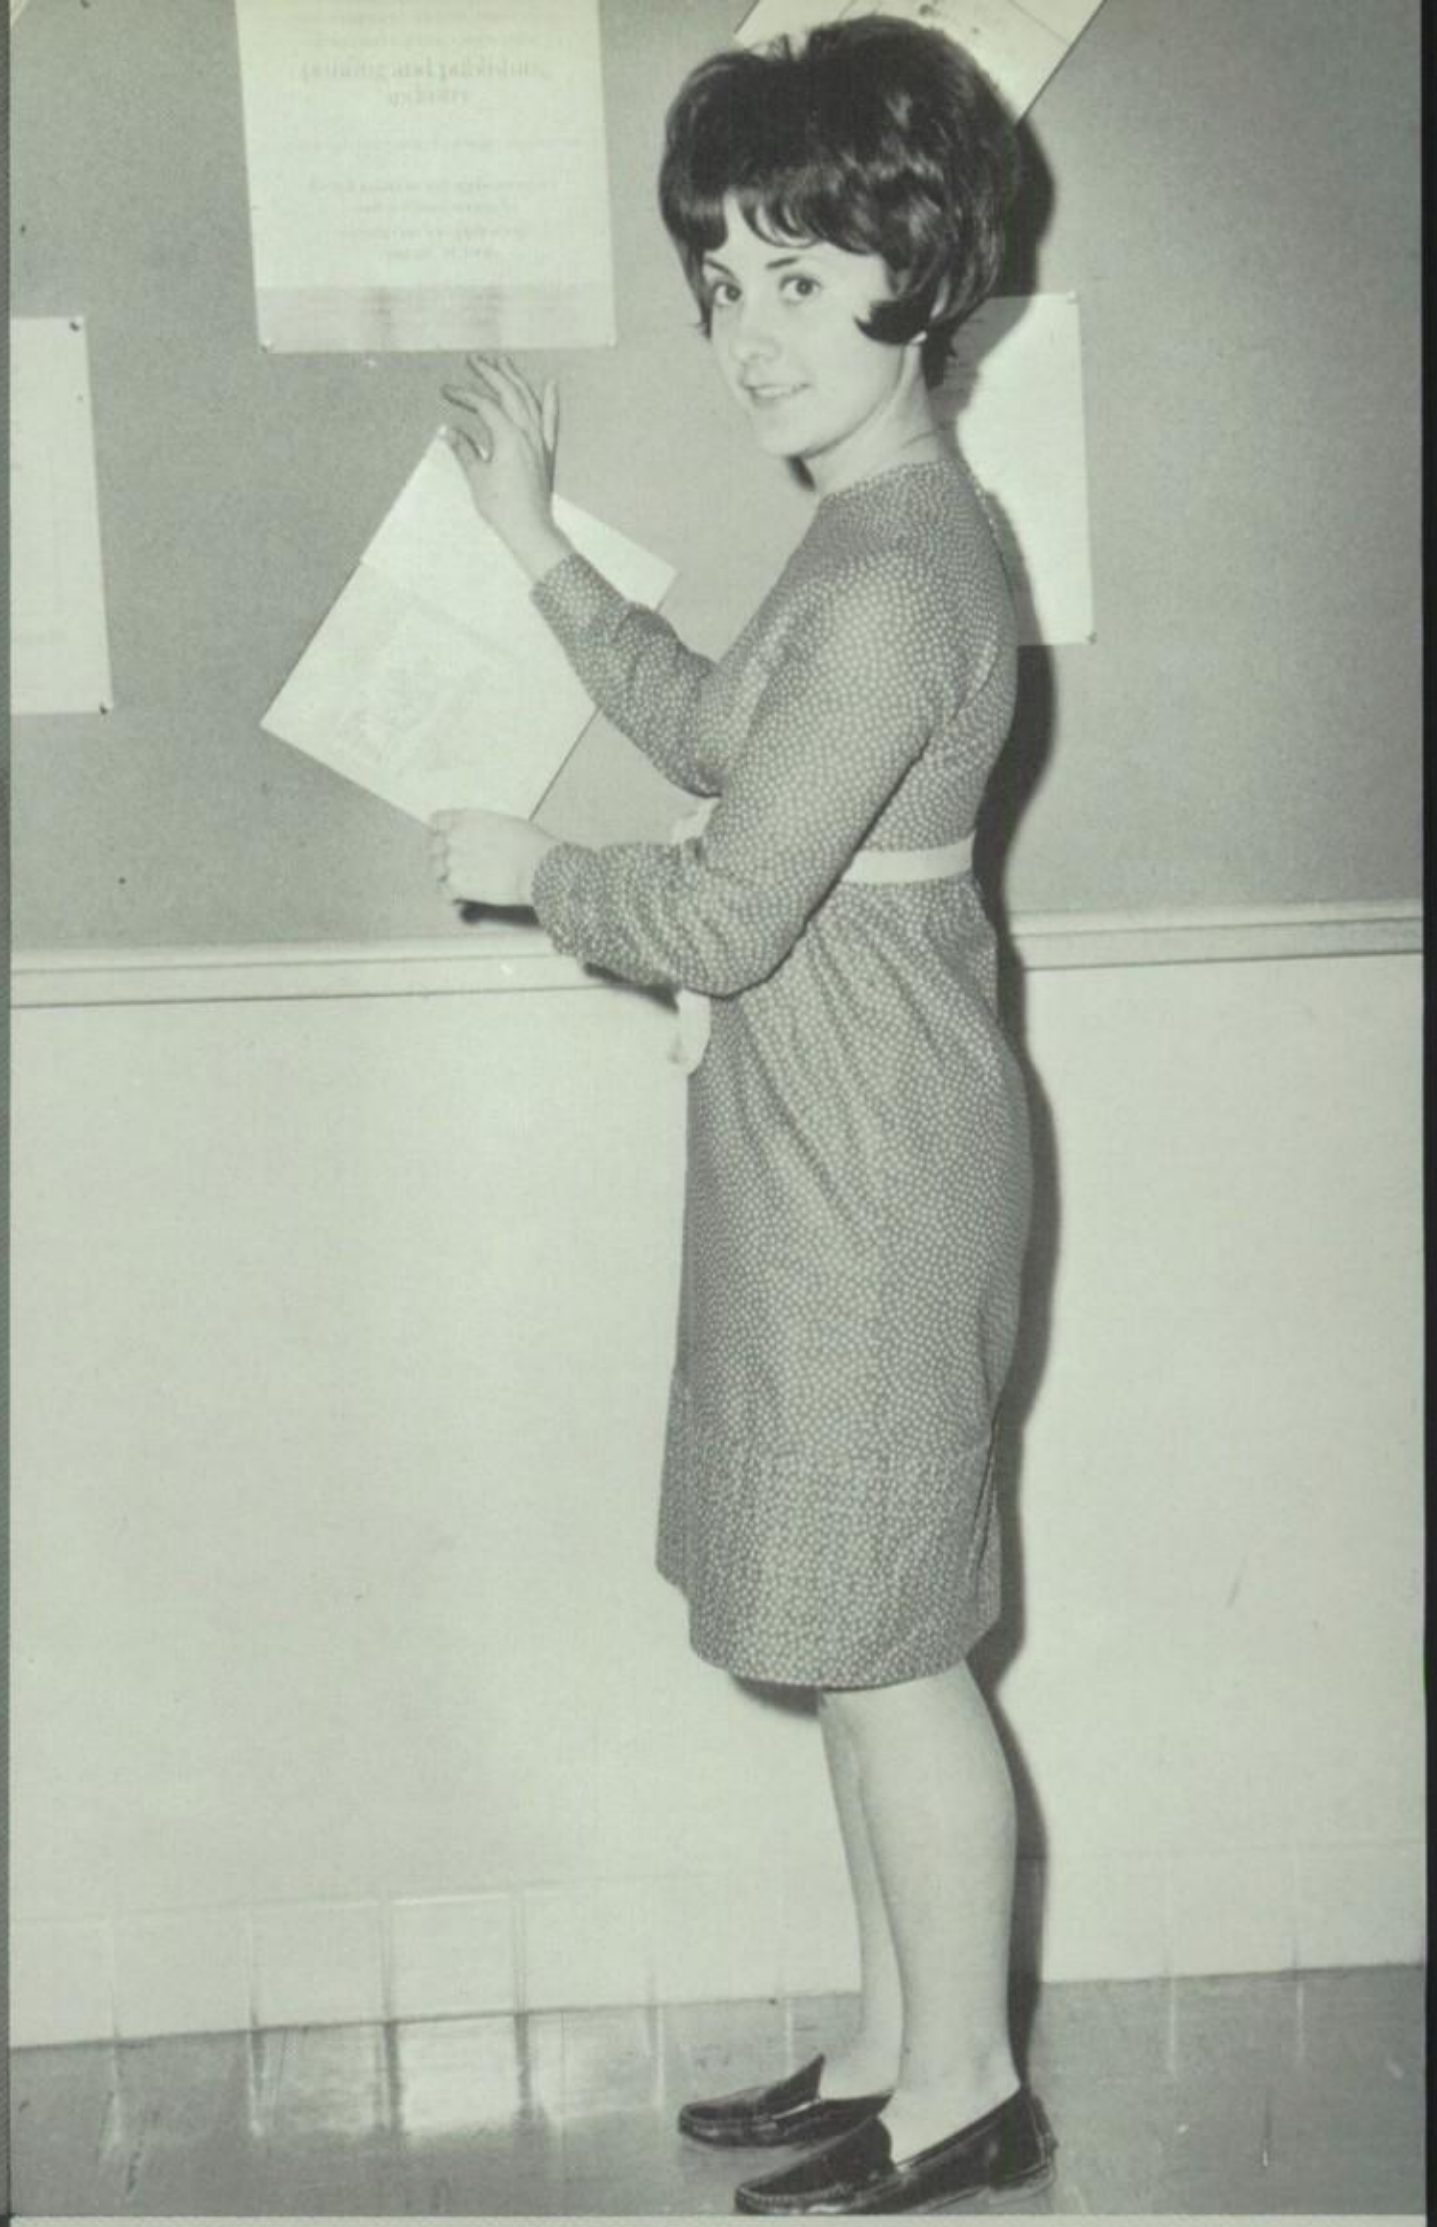
Intellect and achievement are the by-words which best describe Bert Smith. His being chosen a National Merit Semi-Finalist early this year only reaffirms one's belief in Bert's scholastic aptitude. Serving as president of the Kimball chapter of the National Honor Society, Bert has exhibited student leadership in the field of student achievement. Having received a scholarship from the Dallas Civitan Club to attend the Civitan Citizenship Seminar held in the summer of 1965, Bert has shown to Dallas and to Kimball qualities which personify the traits that we associate with the responsible citizen of the future.

Karen Walter

Most, best, and favorite are the words most often used to describe Karen Walter. Kimballites know her as the Favorite and Sweetheart of last year's Junior Class. And again this year, Karen was elected by the students as the Most Beautiful Senior Girl and as the *Knight Life's* Most Sincere Girl. Quick with a smile and a "Hi!" for everyone, Karen has endeared herself to both students and teachers. The feelings of Kimball toward Karen were best described when she received a nomination for a place in *Distinguished High School Students of America.*

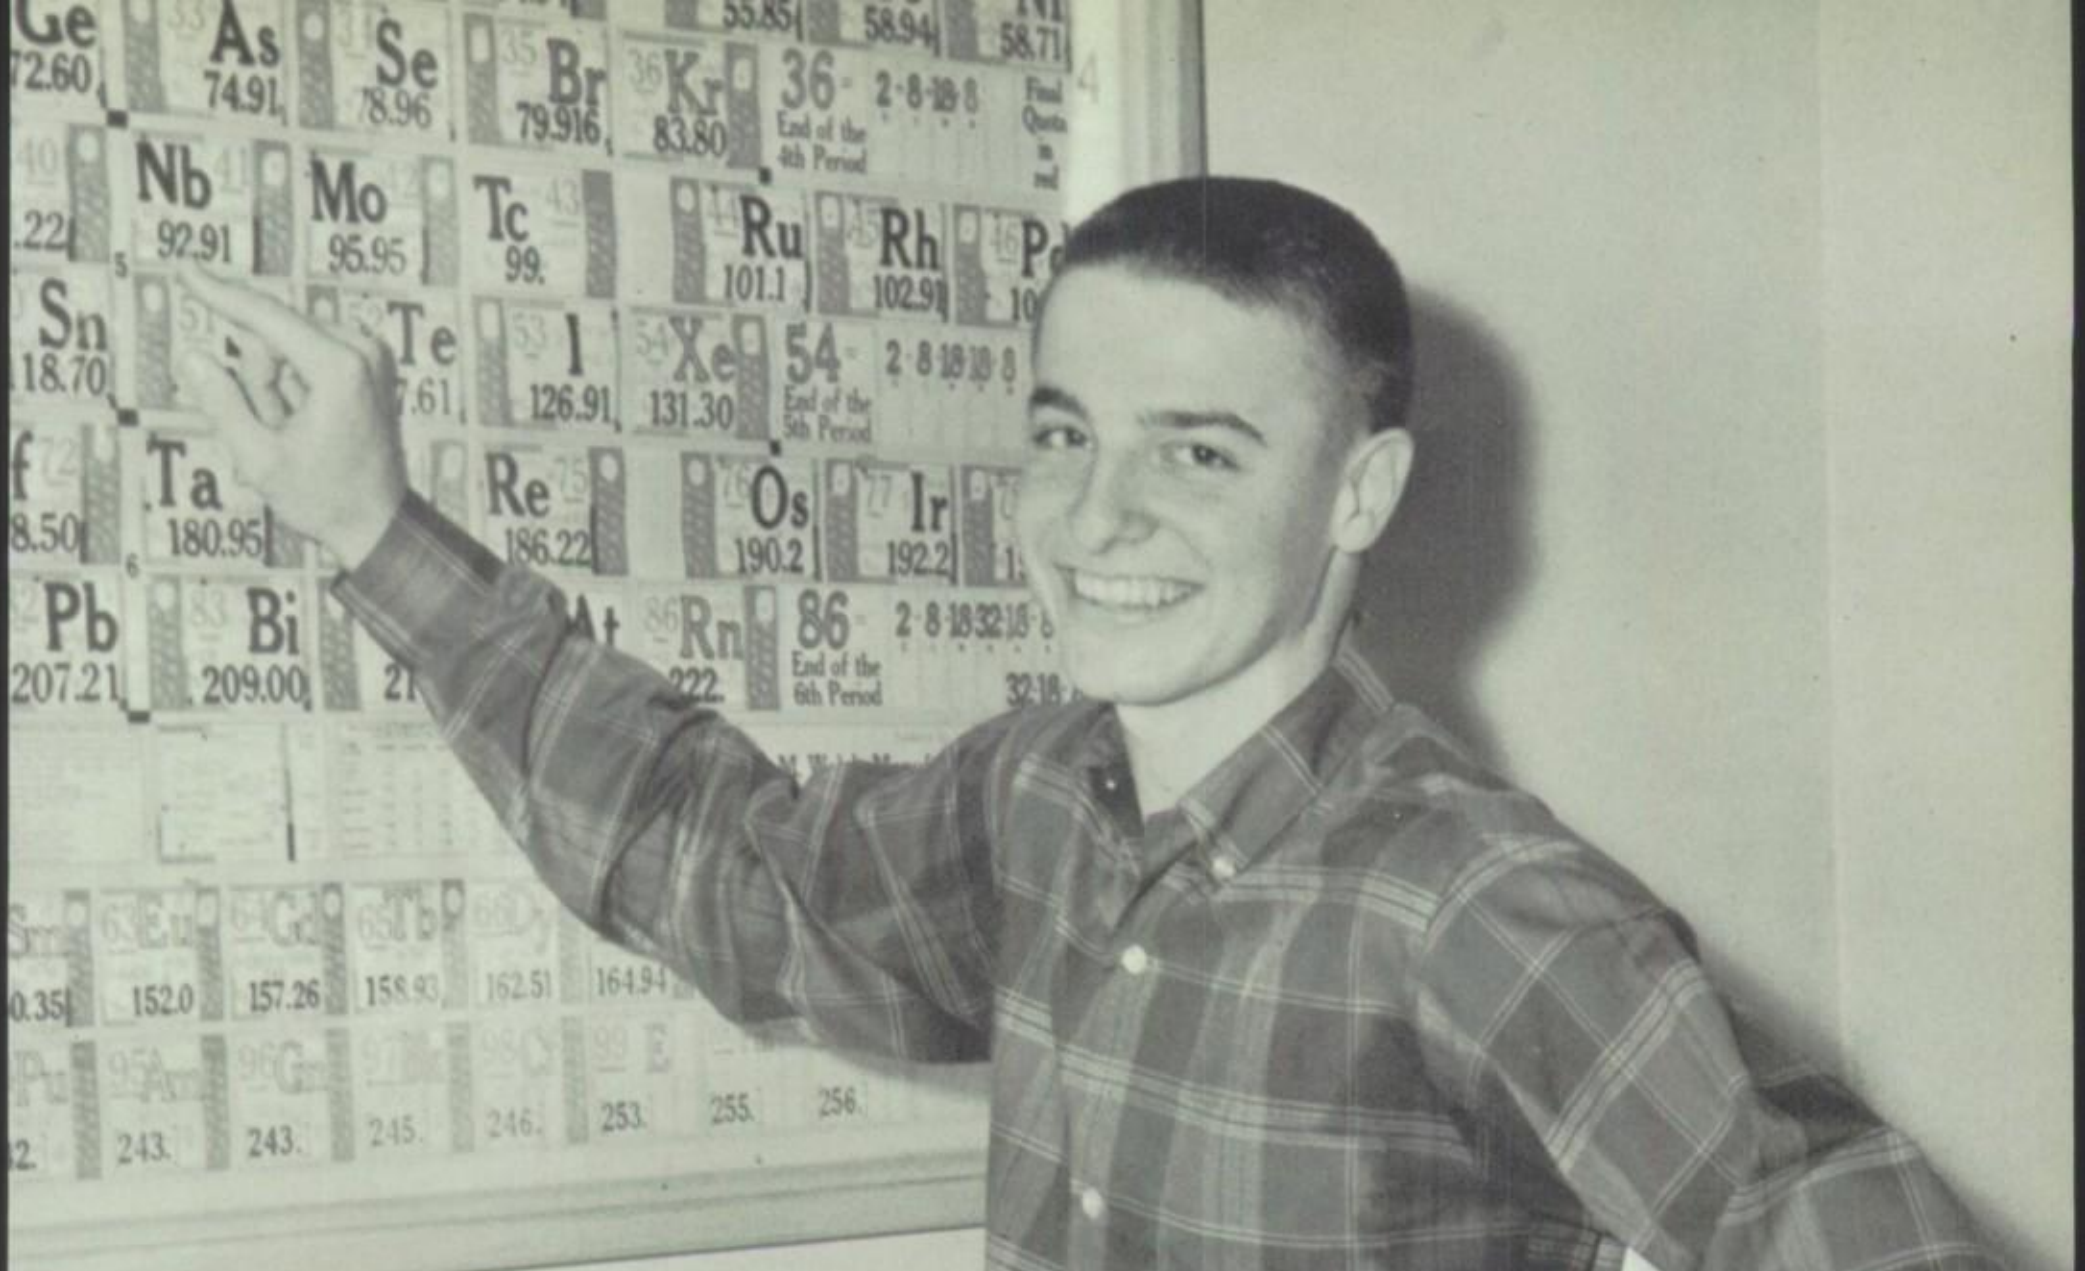
Dennis Winn

"The leaders of tomorrow are in our schools today" is a phrase often used in our modern society and Kimball can justly boast the presence of such future leaders among its students. One such student is Dennis Winn who has served as a leader in many activities and organizations. Having been chosen Editor-in-Chief of the 1966 *Excalibur,* President of the National Thespians, and Student Director of the District 6AAAA One-Act Play Contest, Dennis has shown his capability to carry out the responsibility of leadership entrusted to him. He has also proven himself to be an intellectual leader by receiving a Letter of Commendation from the National Merit Corporation, by being chosen as a finalist in the National Council of English Teachers Essay Contest, and by serving as a delegate to the Fifth Texas Nuclear Science Symposium for High Schools. In addition to these activities, Dennis is also a member of the National Honor Society.



Betty Garvin

Whether it be a nomination for Homecoming Queen, Most Popular Girl, or Girl Most Likely to Succeed, the name Betty Garvin is heard perenially. Elected by the senior class as its Girl Most Likely to Succeed, Betty continues to show qualities which point toward her success. In addition to leading school spirit in her capacity as a cheerleader, she was the recipient of the Daughters of the American Revolution Good Citizenship Award. Confidence, ability, and an eagerness to make friends will be the keys that will open the doors to a bright future for Betty.



Steve Neece

Smiling and continually happy are adjectives that well describe Steve Neece. Serving as president of the Science Club at Kimball, Steve has shown qualities of leadership that distinguish him from the masses. Chosen as a member of the Kimball chapter of the National Honor Society, and as an *Excalibur* staff member, teachers have given both honor and responsibility to a young man who can accept both with humility and a clear mind.

Mark Housewright

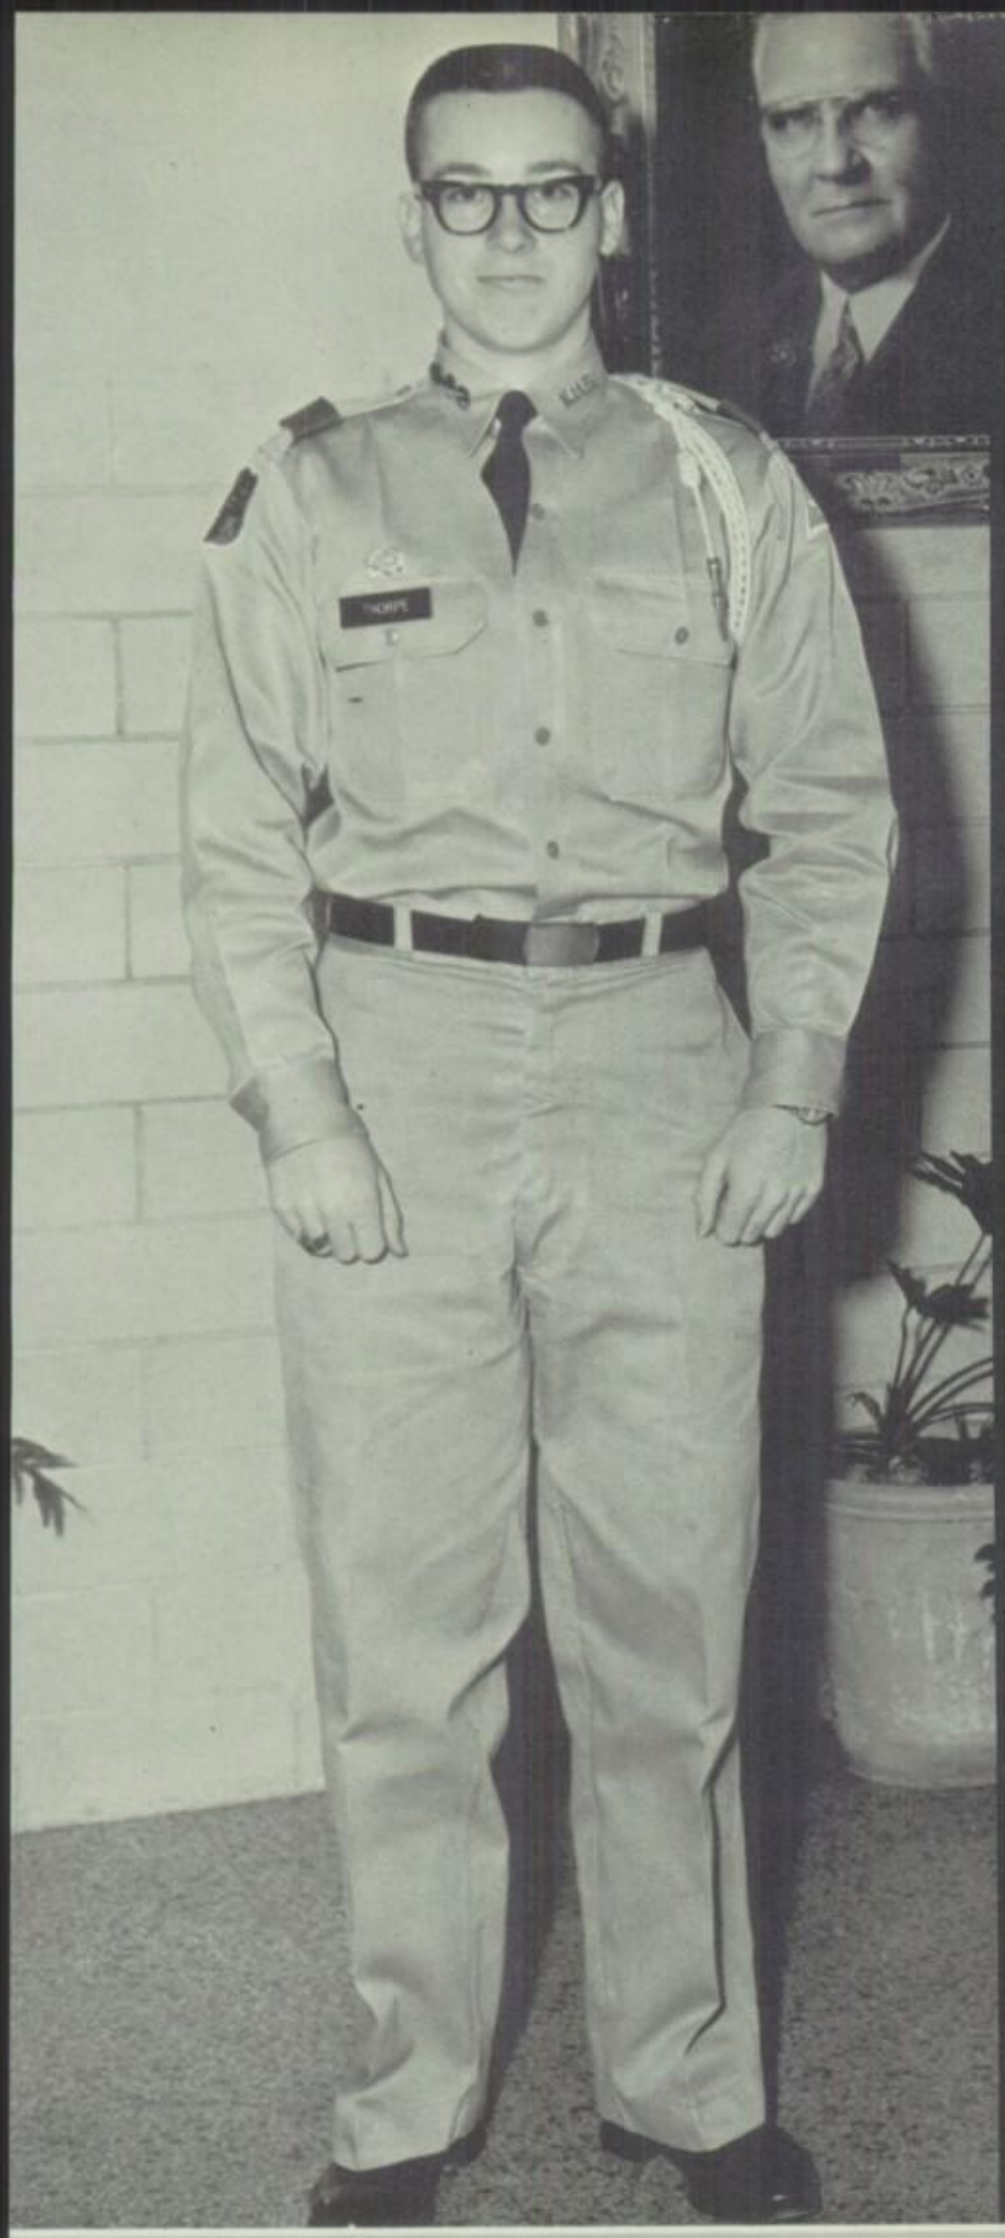
Leadership in school activities and on the playing field are qualities which are seldom found in one outstanding student. Still, Mark Housewright is just such a student. Mark leads student activity as President of the Student Council and makes numerous appearances on behalf of the school. A two-year letterman on the football team, Mark has led the "fighting Kimball Knights" as their co-captain this past year. Chosen as the Most Popular Boy of the Junior and Senior Classes, Mark has won the admiration and respect of all who know him.

Judy Hawthorne

A flair for writing, reporting, and a keen sense of scholasticism are characteristics of Judy Hawthorne. As News Editor of the school newspaper, the *Knight Life,* Judy has earned the respect and admiration of her fellow staff members, and has produced work of such quality that it has merited her election to Quill and Scroll, a national honorary journalistic society. Judy is also a member of Kimball's National Honor Society. Judy's clear thought and the ability to report her thoughts lucidly are sure to prepare her a firm place in tomorrow's world.

Karen Reasor

Known to every Kimballite as a spot of sparkling white among the glowing sea of crimson Troubadear uniforms, Karen Reasor, the captain of the Troubadears, deserves a special place of distinction in the memory of Kimball's senior class. Keeper of the senior coffers, Karen's service as class treasurer is only one honor which she has received. Also a member of the National Honor Society and of the Spanish Honor Society, Karen already has the most important attributes of a successful life—trust, responsibility, and intelligence.



Leonard Thorpe

Leadership is a word often connected with Leonard Thorpe. A member of the National Cadet Corp's Officer's Club and acting as the NDCC Cadet Colonel, Leonard has proven himself to be a responsible and capable leader. Also a member of the National Honor Society, Leonard typifies youth in action.

Larry Minter

Instant smile, instant greeting, instant friendship—with traits such as these, there is no wonder why Larry Minter was elected the Friendliest Boy in this year's senior class. But Larry's amicable personality is not his only strong-point. A letterman participating in both track and football, Larry still has found time enough to serve as the President of the 1966 Senior Class.

The chief ingredient of the 1966 *Excalibur* is that of striving for a top quality annual, the goal set by the twenty-five staff members. Hours of concentrated effort and hard work play a large part in meeting this goal, not to mention the worry that comes when deadlines are suddenly upon us!

With the work, worry, and effort, however, comes the fun of getting together for picnics, parties, and night meetings.

Most important to us, though, is the satisfaction of having put forth our best effort to bring to you, the student body, an annual of which we are proud to have been a part, and of which we hope you are equally as proud to accept as your 1966 *Excalibur*.

Kimball's outstanding scholastic students are recognized, as are other students throughout the nation, by the National Honor Society. These students represent the top ten per cent of Kimball's Senior Class of 1966, and another five per cent are yet to be chosen in the spring. Approximately the same number from the junior class will make up the nucleus of next year's organization. The very high honor of being elected to this elite society is exemplified by the time and great sacrifice given by each member before attaining such a position.

ATHLETIC ORGANIZATIONS

. . . Introducing the New

Mr. George Massingale proved his talents as a musician and teacher as the KNIGHT BAND brought new sights and sounds to the half-time ceremonies. Under the leadership of Drum Major Glenn Tucker and Assistant Glenn Loflin, the band executed precision drills such as, "The Floating Arrow" to the rhythms of "March Grandioso." The majestic sounds of "Them Basses" were heard throughout The Torchlight Parade during the State Fair of Texas.

Kimball's Four

Halftime entertainment reached a peak of perfection as THE MAJORETTES performed original routines to the strains of "March-A-Go-Go." The MAJORETTES were unsurpassed in skill and performance when they became the first of those twirlers in Dallas who twirled two batons simultaneously.

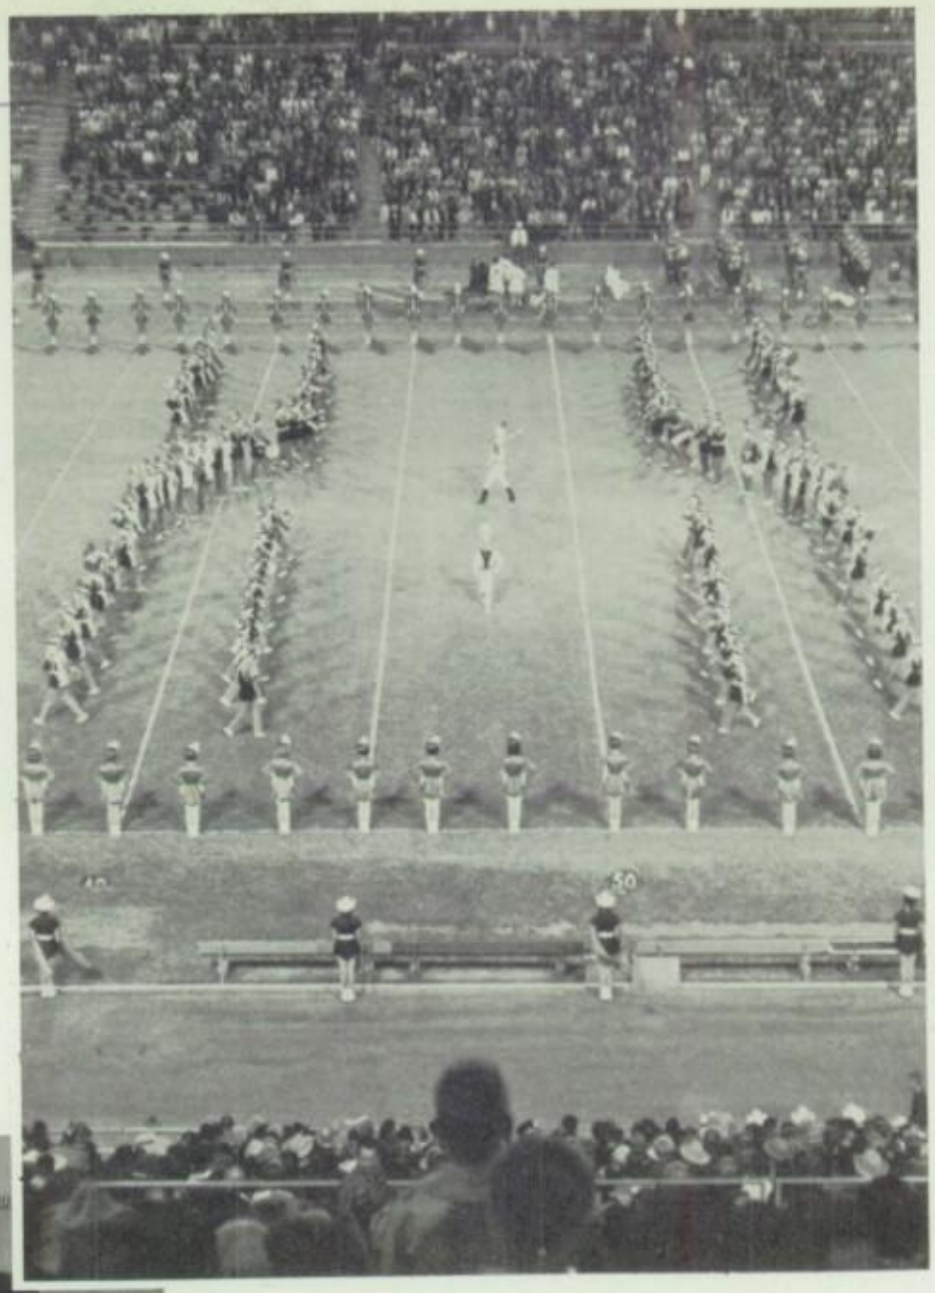
Versatility Is Their Trademark

During the football season, the band thrilled crowds everywhere—from San Angelo to the Cotton Bowl with popular versions of "A Taste of Honey" arranged by Mr. Steve Bayless. The band also boasts a Flag Corps which bears the colors of each Dallas High School.



Band officers voice opinions during rehearsals.

In the spring, the band prepares for the concert season in which they participate in the Dallas Solo and Ensemble Contest. Outstanding students are chosen for The All-Region Band. The University Interscholastic League competition climaxes a year of preparation.

Troubadears

Kimball's tremendous Troubadears were off to a big start this year by performing a routine to "Watermelon Man". They performed to many different songs, the most outstanding coming at homecoming when they performed to "A Taste of Honey". The Troubadears also participated in a parade as well as in two basketball games.

The 1965-66 group of Troubadears is the largest drill team that our school has ever had. To improve their performances, a new tryout system was introduced. For each performance there were tryouts to choose the best 73. Kimball's drill team has certainly done an outstanding job this year.

The Letterman's Club

Dedication and hard work make outstanding athletes. These young men and women have given their time to perfect themselves in their chosen sport. These are people in Kimball who show their superior ability in athletics. Boys and girls who receive letters in their respective athletic fields have proven themselves to be worthy of school-wide recognition. For this reason, the Letterman's Club was formed. The Club provides a common meeting ground for all Kimball athletes whose dedication and prowess qualify them for membership. Just as the Kimball chapter of the National Honor Society serves the purpose of recognizing those who are outstanding in the field of scholastics, the Letterman's Club provides recognition for those who excel in the sports field—the other integral part of high school life.

SERVICE ORGANIZATIONS

Student Council

Whether it be sponsoring a dance, electing a teacher and student of the month, or collecting pennies at Christmas to aid the Salvation Army, the Student Council represents an active part of Kimball student life. The officers and representatives, together with their sponsors, do much to promote school spirit and to uphold our motto, "We always seek the best".

The able officers of the student council are, left to right, Ruth Attebury, Secretary, Henry Winder, Treasurer, Joe Mike Poor, Vice President, and Mark Housewright, President.

Art Club Gives Color and Form to Kimball Life

Through the Art Club, students of Kimball who are interested in art are given the opportunity to discuss and evaluate their own creative efforts as well as appreciate those of others. Appreciation and learning are important activities of the club, but, by no means, are they the only activities in which Art Club members indulge.

During the football season and at the time of the Senior and Junior Plays, the Art Club, in connection with the cheerleaders and the advertisement committees of the plays, makes posters which adorn the walls of Kimball. Each year, the Art club also has a commendable number of winners in our school Crafts Fair.

Traffic Safety Club . . .

Kimball's Traffic Safety Club represents the school's contribution for safer driving around the school and community. Each year, four students from each grade level go to a conference at Southern Methodist University to discuss traffic problems around the city and make suggestions to improve them.

OFFICERS: Elaine Willingham, Secretary; Joanna Barrett, President; Jim Balch, Vice-President.

Driver Safety Club members strive for safer driving in the community and especially in the Kimball area. Each year the members stage a Drivers Safety Week, during which the members make announcements each day which remind Kimball's students to become safe drivers.

Thespians

National Thespians is a group of hardworking and enthusiastic theatrically minded students. These students add much to the cultural aspect of life at Kimball through the variety of programs and productions that they perform for the student body each year. They, too, have brought great honors to Kimball by successfully competing in tournaments throughout the state. However, their success is due in great part to the expert coaching and encouragement that they receive from their dedicated sponsor, Mrs. Mary Curtis.

Kimball's Renowned Knight Beats.

Bringing the exciting sound of a performing band to Kimball, the Knight Beats increase their popularity and add to their reputation each year. The Knight Beats are well known for their professional sound as shown by the production of their own LP album, *Some Knights to Remember.*

Band Practice.

Trembling trombones and thundering trumpets tantalize the terpsichorean tendencies of today's teenagers.

Soporiferous Kay January sings her solmization of that perennial hit, *Green with Envy, Purple with Passion, White with Anger, Scarlet with Fever, What were you doing in her arms last night Blues.*

Kimball's saxophone quintet regularly throws the audience into a state of cachexia, schizothymia, catatomia, hebephrenia, cyclothymia, involutional melancholia, megalomania, and monomania, not to mention dementia praecox and delirium tremens (better known as the D.T.'s)

Composing the music department at Kimball are four choral classes which are under the direction of Mrs. Ann Lamb. The principal performing group is the concert choir which sings for special assemblies and P.T.A. programs. Highlighting the year is the presentation of a well-known broadway musical performed by the concert choir.

The Future Leaders of

Under the leadership of Mrs. Harriet Morrison, and Miss Dianne Bray, the Future Business Leaders of America provide a means for an end by which students may learn about the vast opportunities of the business field. The club meetings are highlighted by guest speakers from the business world. Each year a select group of members is chosen to attend the State Convention at Denton.

A Note of Thanks . . .

Mr. John "Bo" Campbell

Kimball's proud football spirit and its athletic program owe much to Mr. Bo Campbell, first head coach. In his eight years at Kimball, Mr. Campbell's quiet determination and intense pride in the school and its teams have given Kimball the winning spirit and a fine tradition to carry into the future.

Autumn Nights, 1965

Never before had a Kimball team played in so many close games. The Knights outscored their opponents 152-129 but came up on the short end of the score 5 times. The only team to dominate the Knights was the San Angelo Bobcats, whose 24 points were the most yielded by Kimball this season. Led by team captains Steve Sykes and Mark Housewright, the Knights turned in a strong performance in each game. Highlighting the season were the Samuell and Woodrow Wilson games. Kimball scored 33 points in the second half against the Spartans and was leading Woodrow until the last few minutes of the game. Also, the Knights were the only team to defeat Hillcrest, the eventual city champ.

BRYAN ADAMS 20 KIMBALL 6

Kimball had the misfortune to encounter the potent pass offense of Bryan Adams in the season opener. Both teams played with the usual early season raggedness, losing the ball often on fumbles and interceptions. Kimball's ground offense moved well at times and produced the Knights's only score, a one yard run by Steve Sykes. This score followed a short drive beginning in Bryan Adams' end of the field. The Cougar's touchdowns were the result of long passes from Bruce Stensrud to end Derek Davis.

KIMBALL 15 HILLCREST 14

Kimball's ball control offense met its match in the spirited Hillcrest Panthers. Led by one of the state's finer players, Brian Blessing, Hillcrest played hard-nose football. Quarterback Ned Welch and a tough defense were too much for the Panthers to handle, however. Welch scored the two Kimball touchdowns, the winning score coming on his 60 yard punt return which was one of the most exciting plays of the season. Steve Sykes pushed over the two points that made the score Kimball 15, Hillcrest 14. The Panthers had ample time to score again, but an aroused Knight defense, led by Don Darnell and Fred Perry, was able to contain them.

SAN ANGELO 24 KIMBALL 0

Kimball met one of the state's best teams in the San Angelo Bobcats. Impressive both in size and speed, the Bobcats looked unbeatable against the scrappy Knights. Kimball's defense was unable to contain San Angelo; the Bobcats passed and ran through the Knight line for four touchdowns and over 300 yards total offense. Kimball's offense was able to muster only one drive that crossed the 50 yard line. Kimball spirit and enthusiasm were able to overcome the disappointment of the loss, however, and everyone who made the trip had a memorable weekend.

THOMAS JEFFERSON 13 · KIMBALL 7

The spectre of the San Angelo defeat lurked again on this Friday night as the Knights sleep-walked their way to a 13-7 loss to the Rebels. T.J. captured one of their few victories of this season tiptoeing through the dozing Knights for two touchdowns. Kimball woke once—long enough for Mike Hester to score on a short run.

KIMBALL 33 SAMUELL 14

For the first 30 minutes of the game it looked like another disappointing evening for Kimball fans. The Knights were playing like they had just arrived from an all-night party; Samuell took advantage of this situation and posted a 14-0 halftime lead. Something happened during recess, however, and the Knights returned to action with newly discovered muscle. In a complete reversal of roles, the Spartans played patsy as Kimball intercepted four passes (Darnell, Brown, Durham, Hester) and scored five touchdowns. Steve Sykes played perhaps his best game, scoring four touchdowns and gaining 124 yards.

KIMBALL 13 ADAMSON 9

Kimball opened its city series with a nerve wracking 13-9 victory over Adamson. As the score suggests, this was a rugged defensive battle. The Knights defense held Adamson to only four first downs, while the offense ground out 170 yards through a determined Leopard line. Adamson's defense scored all nine of their points, on a 69 yard punt return in the first quarter and a safety in the third quarter. For the second week in a row, Kimball's offense was led by fullback Steve Sykes, who scored two touchdowns on runs of 45 and 16 yards and totaled 92 yards rushing. Steve's second score came with 4½ minutes remaining and seemed to ice a Kimball victory. Adamson, however, had two opportunities to score from the Kimball three yard line. Tough defense and a timely penalty prevented the Leopards from crossing the goal.

KIMBALL 47 NORTH DALLAS 0

The Cotton Bowl was the scene of this year's Bulldog slaughter. Kimball looked unbeatable as usual against North Dallas, defeating the hapless Bulldogs 47-0. Ned Welch began the massacre, leading the Knights to two quick touchdowns in the first quarter. Coach Bo Campbell substituted freely throughout the rest of the game. The other five Kimball touchdowns were scored by Steve Sykes, Gary LeGard, Jerry Moore, Ron Surber, and Mike Moore.

WOODROW WILSON 19 KIMBALL 13

For all practical purposes Kimball's football season ended with this year's Homecoming Game. Woodrow Wilson came into this game undefeated and ranked fourth in state. From the opening kick-off, it was evident that the Knights were fired for their best effort, as they outhit the Wildcats to lead at halftime 6-2. Playing what will have to be called one of Kimball's all-time best games, the 1965 Knights took the lead in the last 3 minutes of the fourth quarter. But, in true championship form, Woodrow mounted a last ditch drive to extend their undefeated streak to eight.

The Close Ones

SUNSET 13 KIMBALL 12

Kimball's spirit changed with the weather as the Knights let Sunset slip by with a 13-12 victory. A cold rainstorm hampered both teams and caused several fumbles. Steve Sykes scored both of Kimball's touchdowns and gained over 90 yds. rushing. Late in the game, Sunset's Mike Kelly broke loose on a 50 yd. touchdown run, during which he encountered nearly every Kimball player. He then kicked the extra-point which proved the difference. Tommy Russell recovered a fumble and gave Kimball the opportunity to score its second touchdown. The surprisingly large crowd is to be commended along with the players for braving the miserable weather.

KIMBALL 6 S.O.C. 6

It was a fitting climax to the somewhat less than successful 1965 season, as Kimball and S.O.C. battled to a 6-6 tie. Neither team was able to mount a successful offensive drive until the fourth quarter. Kimball's score came on a spectacular 58 yd. run by quarterback Don Hendrickson. The conversion attempt failed to split the uprights. South Oak Cliff took the kickoff and began the drive that tied the score. The Bears were aided by two penalties along the way. Their extra-point kick was blocked by the interior of the Kimball line.

With three starters returning from an 8-2 season, Kimball was thought to be a contender for the South Zone championship. The Knights, however, were unable to find a winning combination as they struggled through a disappointing 3-7 year. The victories were scored over talent-poor North Dallas and Crozier Tech. A win over South Oak Cliff in our first meeting with them might have propelled Kimball to a more successful season. That game was lost in the last four seconds when the Knights were unable to convert a free throw opportunity. Kimball never approached the quality of this performance against the Bears during the remainder of the year. Post-season honors came to Kimball when Robert Gower was named to the All-City team.

A MOST SUCCESSFUL SEASON

Displaying smoothness and teamwork unusual for boys with their experience, the 1966 "B"-team became the most successful basketball team in Kimball history. Led by Junior transfer, Doug Dean, the Squires won twelve of thirteen games and laid claim to the city championship. This year also marked Kimball's first victory over Thomas Jefferson, the perennial basketball champion. If the team continues to progress during the next two seasons, Kimball may well be celebrating its first varsity championship.

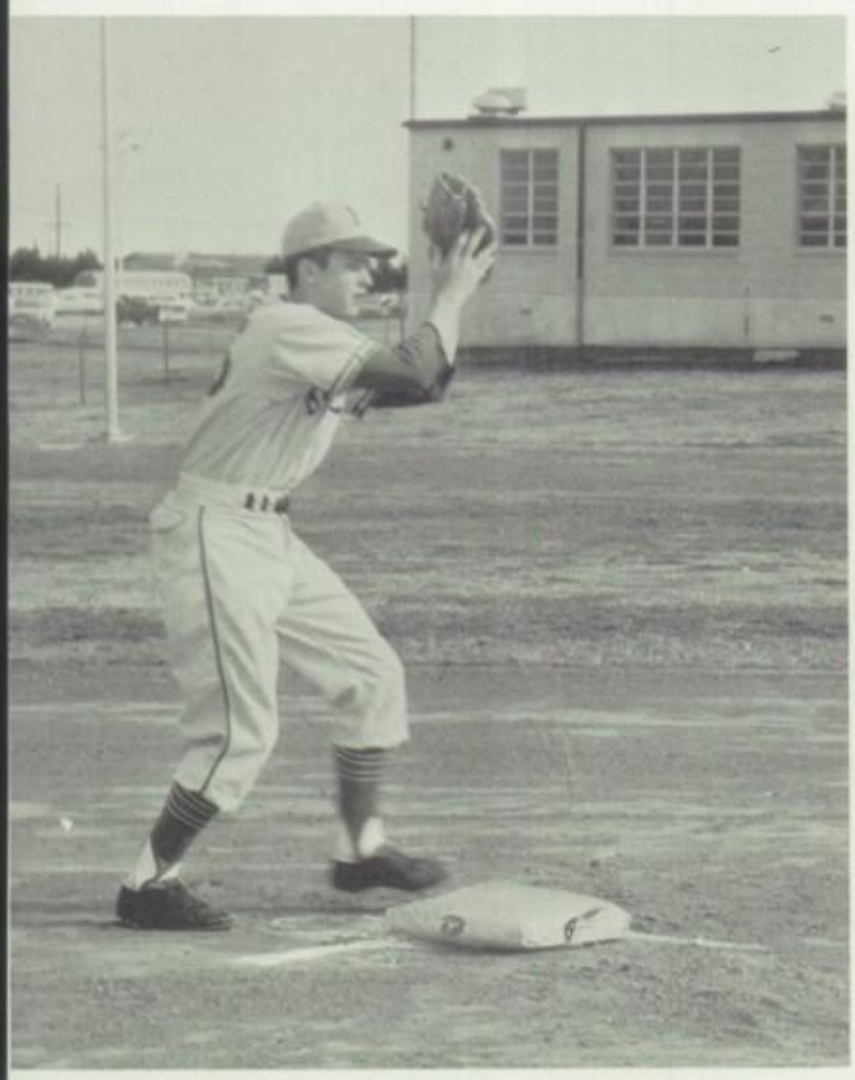
Knights of the Diamond Bring Glory to Big K

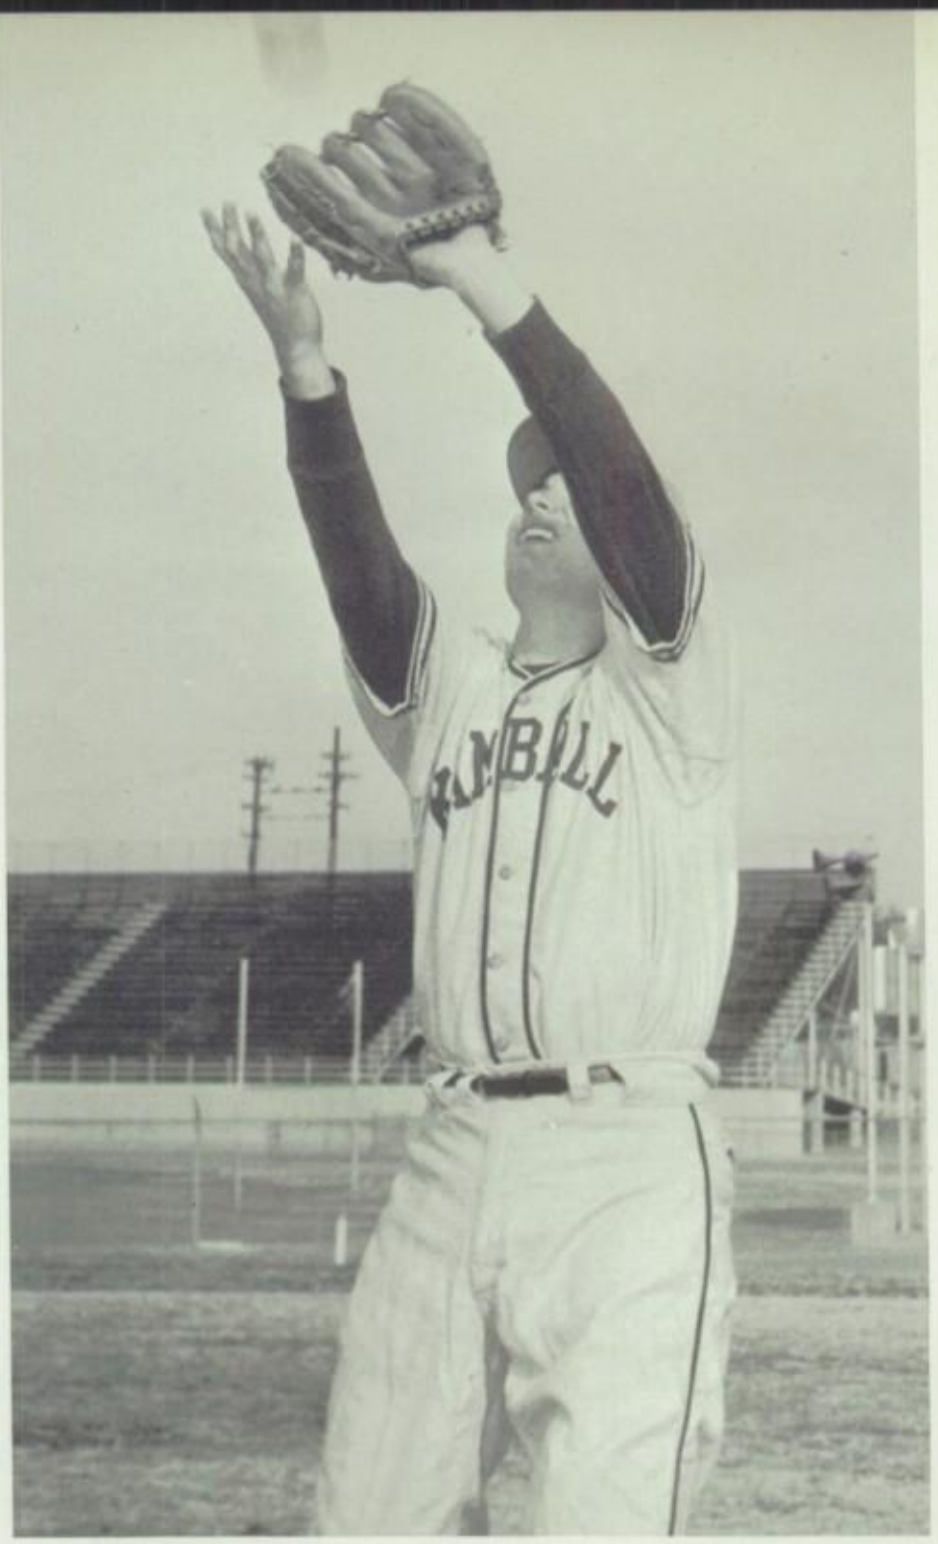
Characterized by hard work, confidence, and a fierce desire to succeed, the Kimball baseball team contains all ingredients for a winning season. Under the able guidance of Coaches Miller and Hamby, they undergo constant trial to determine the best player for each position on the field.

Wayne Tarver tosses ball to shortstop Kim Riley for a quick put-out.

Infielders Excel in Ball Handling Ability



David Chalk exhibits the swift and apparently effortless speed and accuracy that is the mainspring of good second base coverage.



Although generally associated with the outfield, the fielding of high flies is a serious part of an infielder's training, too. A well rounded team is the goal of the Kimball Baseball Team. Strength does not lie in one area alone, but rather is evenly distributed throughout both the infield and the outfield. With such efficiency in all positions Kimball's basemen are ready for any adversary, no matter how threatening they may seem.

The ability to perform the "first base stretch" comes naturally to Kimball infielder Don Mehaffie.

The Battery — Baseball's Backbone

Returning lettermen Scott Sherard (manager), Mike Cull, Don Mahaffie, and Earvin Stapleton supply experience and spirit, important qualities of every winning team.

A strong battery is a marked characteristic of any great baseball team. This position at Kimball is more than ably filled by capable pitchers and knowledgeable catchers. Backed by other members of the team, such a combination is unbeatable. The Knights undoubtedly will prove to be top contenders on the diamond in 1966.

District 7-AAAA Champions

Tommy Burton, captain of the Kimball golf team, exhibits the stylish swing that has brought so much success to our high school. Consistently shooting in the low 70's, the golf team participates regularly in matches with other Dallas high schools. Tommy's capable leadership and diligent practice have made for a well-rounded team which never fails to bring honor to Kimball.

David Montgomery, acclaimed as one of the most promising in the South Zone, finishes his fairway shot.

Golf Team Vanquishes City Foes

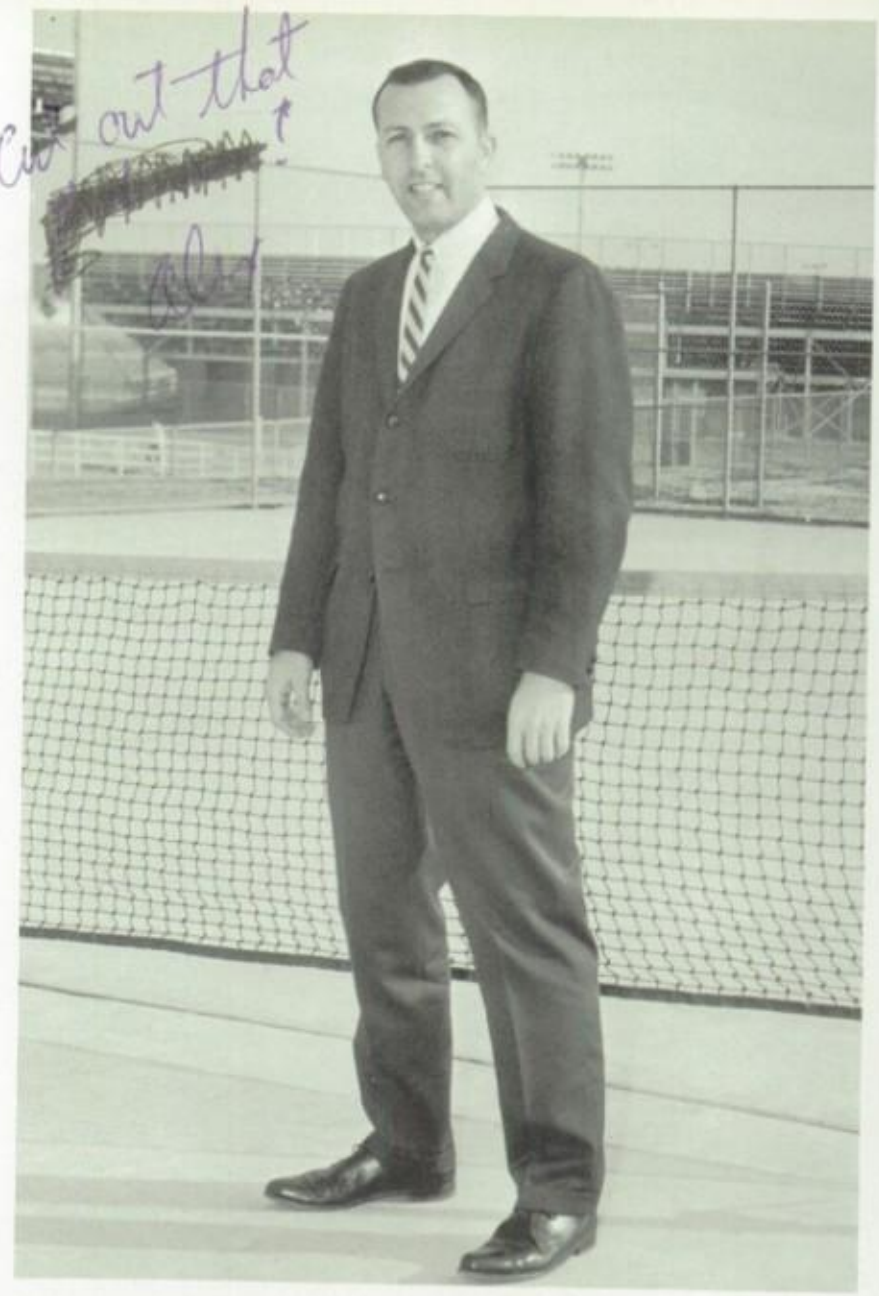
Tennis

Kimball's Racketeers Bring Home the Honors

Under the capable coaching of Mr. Alex Louis, the Kimball Tennis Team has brought fame and recognition to Kimball for many years. And this year that tradition of excellence has been faithfully continued by this year's tennis team. Participating in both singles and doubles competition with other Dallas high schools, Kimball consistently makes commendable showings.

A young team with membership from all three classes, the tennis team represents the school as a whole and gives those with true athletic ability a chance to add their own part to the growing tradition of Kimball.



Coach Alex Louis supervises practice sessions daily during the tennis season.

Fall . . .

Summer leaves may be gradually dying, but Kimball and its students are only beginning to come to life in the autumn. A familiar sight to the students is the early morning practice of the Troubadears. But as the Fall months end, Kimball minds turn to other thoughts.

Winter . . .

Texas weather is cold, but the fire that burns within the heart of Kimball ignites the spirit of all students. Seniors spend long hours practicing for the successful production of their senior play, "The Great Big Doorstep". To be sure, football and basketball are prominent activities in the winter season, but Kimball does not fade away with the passing of winter.

Spring . . .

Even the most studious minds slip into daydreams of summer when the spring months arrive. Senior activities, final exams, and sporting events round out the year at Kimball. The newly formed Swimming Team provides both an outlet for student athletic capability and another exciting source of pride for Kimball.

Sophomores Enter Big "K"

Our new sophomores entered Kimball stunned, bewildered, and amazed. But their fears and amazements quickly vanished as they got into the swing of things, and the year began. Greeted personally by Mr. Durrett in the auditorium, the entering class got its first taste of many Kimball traditions, the school song, the traditional Kimball yells, the pep song, and the significance of the school mascot, the "Fighting Kimball Knight".

Seniors sell elevator tickets, handbooks, library permits, etc., to completely confuse and baffle new students.

Kimball's many sports activities continued to highlight the school year. In football, where Kimball defeated the eventual city champs Hillcrest; in basketball, climaxed by the annual Faculty-Varsity game; or in track, where Kimball is the defending city champion, Kimball supporters had ample opportunity to view their fighting Knights in action.

Football was highlighted by victories over Samuell, North Dallas, Adamson, and future city champs Hillcrest.

Each year, before the Thanksgiving Holidays, Kimballites pause to remember the significance of the day. The Thanksgiving assembly, "A Note to Myself", brought to our attention many things often taken for granted for which we should be thankful. The beauty found in the worlds of literature, poetry and music were brought to mind in presentations by various members of the speech and music departments. A short selection from the play "J. B." illustrated the way in which modern man often forgets the true meaning of Thanksgiving Day.

Another first was brought to Kimball this year, and the Junior Class was its messenger. By reverting to one of the best known forms of theater, the melodrama, this year's Junior Play was an immediate and unheralded success. An enthusiastic cast and an original publicity program generated much genuine interest in the production, and, in the long run, these efforts paid off by bringing into existence the most successful Junior Class production to date.

It also deals with the hardships of a poor family, and how their children rebelled and left home.

In the spring of 1965, Kimball's Fine Arts Department put on the renowned musical, *The Music Man,* the story of an unusual traveling salesman (by Meredith Wilson). Sherry Edmonson portrayed Marian, and Gary Dean, Harold Hill. The dancing parts were executed by members of the Dance Club, and the Orchestra played the beautiful and, at times, unusual music. All members of the Concert Choir took part in the musical, each one doing his best, thus making *The Music Man* one of the best productions ever put on by Kimball High School.

Student Teachers Learn the Rope

Students from the nearby colleges majoring in education come to Kimball each year to receive their practical training in teaching. These student-teachers fill-in for the co-operating teachers in the instruction of classes. The student-teacher, this program being a regular college course, is graded for performance in the classroom. Even more important than the grade, however, is the practical knowledge that each student-teacher gains. Many find that not all of the situations which arise are covered in a textbook. With these occurrences overcome, the student-teacher is ready to enter his own classroom as a certified instructor.

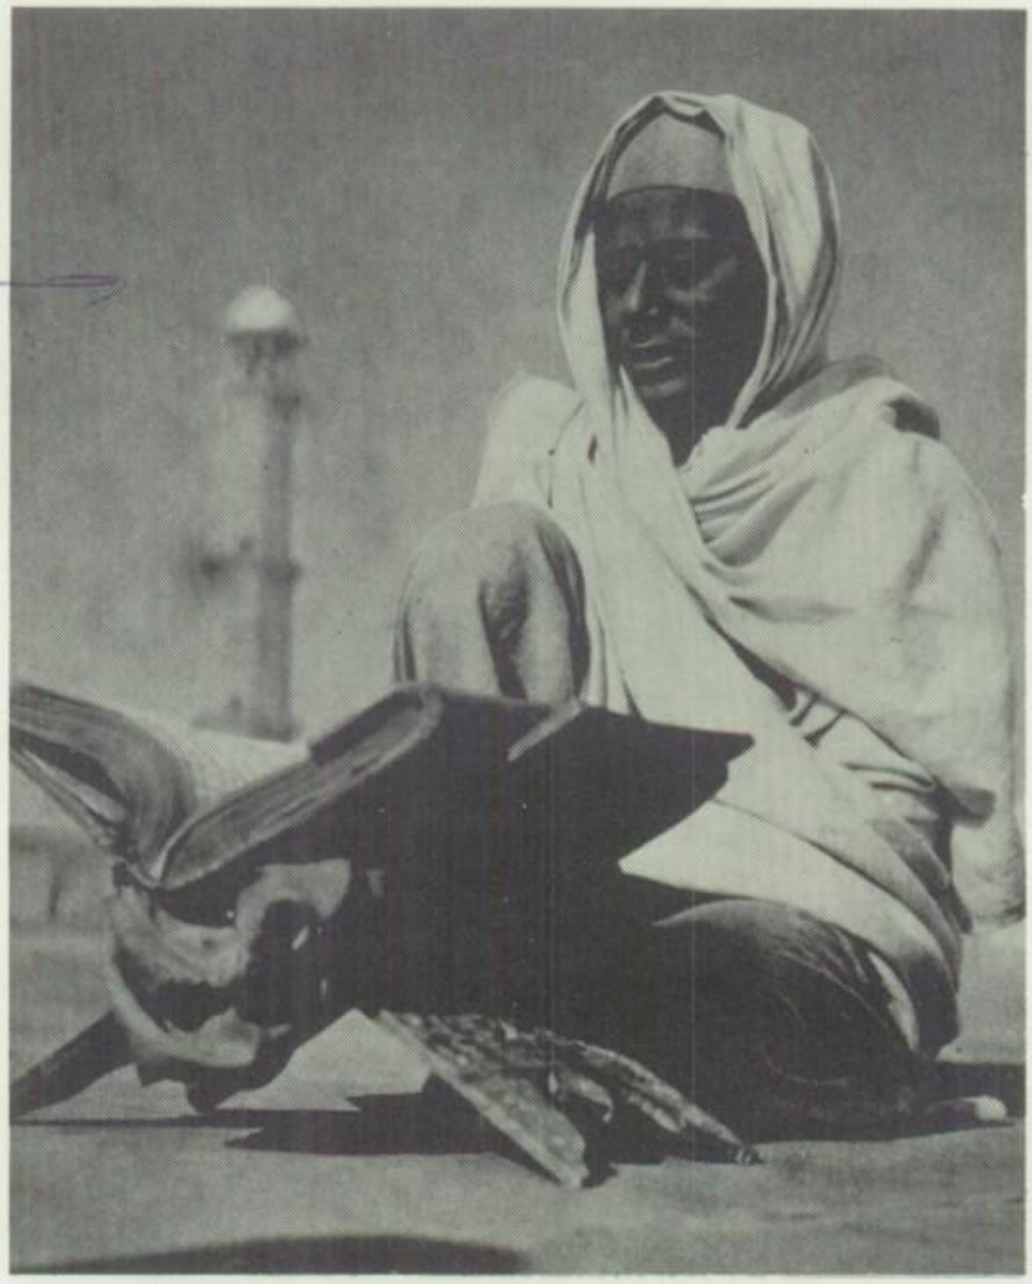
"How about a permanent date at Robby's?"

How far down Phil?



This is Jeruwati Seman. He's 19. He's never watched television, slept under an electric blanket, and wouldn't know an electric food freezer if he saw one.

And, chances are this college age student in India won't be able to enjoy these things for some time . . . if ever. In his country, electricity is still a luxury. Even though India has tripled its use of electricity in the last ten years, most things are still done by hand. And the standard of living in India, compared to countries who use large amounts of electricity, is still low.

You see, a country's standard of living is closely related to its use of electricity. And the hundreds of millions of people in the entire nation of India use little more electricity than do the people in *Dallas!*

The abundant supply of low cost electricity in Dallas helps you enjoy a better way of life, every day. Next time you switch on a light or use an electric appliance, remember that much of the world's population still lights with lanterns, and does laundry in a river.

Phil,
Mygosh but we've been through a lot together! Second grade's where it started, isn't it? Oh, well... I don't think I can really tell you how much I've enjoyed learning you all these years. I do hope we are together more next year, too.

Always,
Cynthia Henderson

Phil,
